

BEYOND LIMITS

The Sachin Chamaria Story — Champion. Fighter. Entrepreneur.

Sachin Chamaria at his office desk, surrounded by his national championship medals and certificates.

Who Is Sachin Chamaria

Sachin Chamaria is one of India's most decorated Para Boccia athletes — a six-time consecutive National Champion in the BC3 (Male) category, an international medallist on the World Boccia circuit, and the No.1 ranked Indian player in his class. He is the son of Mr. Rajendra Chamaria, Promoter of Star Cement Ltd. (a company listed on the NSE and BSE) and Chairman of the Chamaria Group — but Sachin has built his own, distinct path. A quadriplegic since a road accident in 2008 that left him with a spinal cord injury, he has spent the years since rebuilding his life around education, discipline, sport, and enterprise. He completed his B.Com (Hons) from Shri Ram College of Commerce (SRCC), University of Delhi, in 2012, went on to gain corporate experience as an Executive Director at Star Cement Ltd., and now runs his own venture, Growealth Capital LLP, an options and derivatives trading firm in the Indian share market that he has steered profitably for six years. His story is one of resilience translated into results — on the Boccia court, in the classroom, and in the markets alike.

“My body changed in one night on a Kolkata highway in 2008. What I do with my mind and my will did not have to.”

The Journey: From a Roadside Accident to the Podium

Before the accident, Sachin was a Taekwondo trainee working his way toward a black belt, competing at state-level tournaments. On 8 June 2008, at the age of 17 — just as he was preparing for his board examinations — a road traffic accident in Kolkata left him with a severe spinal cord injury, paralysing him from the chest down and affecting all four limbs. What followed was years of surgery, intensive rehabilitation, and the slow, grinding work of relearning how to live — and how to keep building a future — from a wheelchair.

Even in the immediate aftermath, Sachin refused to let the accident derail his academics. He appeared for his 12th-standard board examinations with the help of a scribe, dictating his answers, and passed successfully. He then secured admission to Shri Ram College of Commerce (SRCC), one of India's most competitive colleges, completing his B.Com (Hons) in 2012 — proof, long before his first Boccia medal, that he was unwilling to let his diagnosis define his ambitions.

Boccia, a precision ball sport designed specifically for athletes with severe physical disabilities, arrived in India in 2017 under the Para Boccia Sports Welfare Society (India) — now the Boccia Sports Federation of India. For a player in the BC3 category, who needs an assistive ramp and a dedicated ramp assistant to release the ball with consistency and tactical precision, the sport demanded the very qualities Sachin had spent a decade sharpening: focus, patience, and an analytical mind. He took to it quickly, and the results followed just as fast.

Since his first National Championship gold in 2021, Sachin has not relinquished his domestic crown — six consecutive years as India's National Champion in BC3 (Male) Individual. He has represented India at World Boccia Challenger and Regional events across Dubai, Poland, Italy, Egypt, Bahrain, Thailand, Australia and Canada, and at the Asian Para Games in Hangzhou, China. Along the way he has trained under international coaches, including Portugal's David Manuel Domingues Henriques, and built a daily practice regimen of several hours — on top of running his own business.

Sachin was honoured with the "Inspirational Sportsman of the Year 2023" award for his outstanding performance in the field of para-sports, conferred on the occasion of International Paralympic Day, held on 8th October 2023.

Sachin was appointed as Brand Ambassador for the 1st North East Para Games 2024 by the Paralympic Association of Assam, under the dynamic leadership of its Organising President, Smt. Riniki Bhuyan Sharma (wife of the Hon'ble Chief Minister of Assam) — a three-year appointment beginning November 2024.

Adding yet another feather to his cap, Sachin is the only Indian athlete selected by World Boccia to participate in the Seoul 2026 World Boccia Championships, scheduled to be held from 24 August to 4 September 2026 in Seoul, South Korea. He will also represent India at the Cairo 2026 World Boccia Challenger, Egypt, scheduled from 25 to 31 July 2026.

8	Poznan 2022 World Boccia Intercontinental Challenger	Poznan, Poland	22 – 29 Aug 2022	Participated	—

#	Championship	Venue	Dates	Individual	Pair (Mixed)
9	Dubai 2021 World Boccia Asia-Oceania Championship	Dubai, UAE	12 – 20 Nov 2021	Participated	—

Career Medal Tally

Tally	Gold	Silver	Bronze
Domestic (National Championships)	9	4	1
International (World Boccia Events)	1	1	1
Total Career Medals	10	5	2

Beyond medals, Sachin holds notable individual landmarks: a record-equalling 25–0 scoreline against an opponent at the 2021 Dubai World Boccia Asia-Oceania Championship, and an 8th-place finish at the 2022 Asian Para Games in Hangzhou, China — one of the toughest fields in the Asian region. His competitive sporting journey itself predates Boccia: in 2016, he won a Silver medal in club throw and a Bronze in discus throw at the Delhi State Para Olympic Meet, before discovering Boccia in 2017 and going on to dominate the discipline nationally.

Receiving the gold medal for first position at the 10th Boccia National Championship, Ahmedabad, Gujarat, February 2026.

On the podium with fellow medallists at the 9th Boccia National Championship, Visakhapatnam, Andhra Pradesh, 2025.

Beyond the Court: Building Growealth Capital LLP

Sport is only one half of Sachin's story. After completing his B.Com (Hons) from SRCC in 2012, he gained corporate experience as an Executive Director at Star Cement Ltd. before striking out on his own. Since 2018, he has built and run Growealth Capital LLP, of which he is founder and designated partner, trading options and derivatives in the Indian share market from his office at DLF Tower, Shivaji Marg, Najafgarh Road, New Delhi – 110015. Sachin applies the same qualities that define his game on the Boccia court — discipline, calculated risk-taking, and sustained focus — to reading the market and managing trades. By his own account, the firm has remained consistently profitable over its years of operation, generating monthly profits in the crores.

It is a rare combination: a top-ranked international para-athlete who is also an active derivatives trader and entrepreneur, managing both pursuits from a powered wheelchair, with the same competitive intensity in each. Sachin frequently credits the mental conditioning from Boccia — reading an opponent's strategy, staying composed under pressure, and committing fully to a calculated decision — as transferable skills that serve him well at the trading desk.

Mentor, Motivational Speaker & Changemaker

Sachin's contribution extends well beyond his own medal count. Sensitive to the mental and emotional toll that a life-altering disability can take, he has made it a personal mission to engage with others navigating similar circumstances. He has been invited to deliver motivational talks at forums such as the Family Business Network (FBN), a CII initiative, and at Rotary Club events — including one hosted by the late disability-rights pioneer Mr. Javed Abidi — to inspire young people in the audience.

He has also quietly supported fellow Boccia athletes, gifting BC3 playing kits to some players and a wheelchair to another so they could train and travel independently. In recognition of his

contribution to para-sport, Sachin was among the athletes invited to the 'Champions of Change' event organised by NITI Aayog in New Delhi, where he had the opportunity to meet the Prime Minister of India and receive his blessings.

A Champion's Outlook

Sachin Chamaria's story resists the easy narrative of “despite disability.” He is not an athlete in spite of his circumstances — he is a six-time national champion, an international medallist, Brand Ambassador for the 1st North East Para Games 2024, an entrepreneur, and a mentor to others, who happens to compete from a wheelchair. With a busy international calendar ahead — including recent appearances at the Montreal World Boccia Cup and the Canberra World Boccia Challenger — and his sights set on Asian and World-level podiums, Sachin continues to represent India with the same quiet, relentless focus that took him from a hospital bed in 2008 to the world stage today.
